Leap Year Party

It was the turn of musician Tigger Reunert to wow patrons at fu.shi's Leap Year party on Friday 29 Feb. The most inventive proposal of love was to win a great prize at the new Whale Cottage Plettenberg bay!

PRIZE WINNER

Maureen Quin stole the hearts of everyone when she professed her love for her husband of several decades, Ettiene du Plessis: *"seeing as you always insisted that I was the one who had asked you to marry me, I will now do so..."*

Ettiene's response was *"May I just say that you have made a very good choice and I am happy to accept!"*

Both Maureen and Ettiene were elated with their prize and look forward to their "honeymoon".
